1 PURPOSE

The General Conditions of Purchase and Contract (hereinafter referred to as “General Conditions”) govern the relationship between the company of Mirgor Group (i.e. Mirgor S.A.C.I.F.I.A. and/or any of its subsidiaries and/or affiliates) mentioned in each Purchase Order/Contract (hereinafter “THE COMPANY”, and together with the Supplier/Contractor, the “Parties”) and its Suppliers/Contractors in the process of purchasing goods and/or contracting services, ensuring that needs are met with the best quality and technology, in a timely manner and at the lowest possible cost, in furtherance of the efficient performance of THE COMPANY.

2 SCOPE

These conditions shall be of mandatory application to all procurement procedures for goods, services and projects to which THE COMPANY is a party. These General Conditions are part of the Contract Documents (as hereinafter defined) of such purchases of goods and/or services.

3 VALIDITY AND PRECEDENCE OF THE CONTRACT DOCUMENTS

3.1. The General Conditions provide the basis for the purchase of goods and/or services and shall apply to all matters not expressly provided for in the remaining Contract Documents.

Any commercial relationship between THE COMPANY and its Suppliers/Contractors shall be governed in accordance with the provisions of the following documents (hereinafter the “Contractual Documents”), which complement each other, forming an integral part of the contractual relationship, according to the following order of precedence:

- 1°- Amendments to the Purchase Order/Contract, expressly agreed in writing and subsequent to its date of issue and/or execution.
- 2°- The Purchase Order/Contract and the documents attached thereto.
- 3°- Amendments to the Special Conditions.
- 4°- Special Conditions.
- 5°- Amendments to the Technical Specifications.
- 6°- Technical Specifications.
- 7°- Amendments to the General Conditions of Contract.
- 8°- Written clarifications, remarks and/or objections by the Supplier/Contractor subsequent to its proposal and explicitly accepted by THE COMPANY.
- 9°- General Conditions of Contract.
- 10°- Proposal or Offer submitted by the Supplier/Contractor.
- 11°- Request for Proposals.

3.2. In the absence of any of the above-mentioned documents, the order of precedence hereby shown shall nevertheless remain in effect, skipping the non-existent document and proceeding with the following document in order of precedence.

3.3. No exceptions to these General Conditions shall be accepted, unless express written acceptance thereof by THE COMPANY, in whole or in part. The exceptions accepted in such manner shall only apply

to the Purchase Order/Contract with respect to which they were accepted and shall not extend to any other Purchase Order/Contract.

3.4. Should the Supplier/Contractor insert in delivery notes, invoices or other documents exchanged between the parties any conditions or specifications that conflict with the express conditions established in the Contract Documents, such conditions or specifications shall be null and void.

3.5. The obligations pending performance arising from the Purchase Orders/Contracts for the provision of goods and/or services shall remain in force until their effective fulfillment, notwithstanding the expiration of the term of the Purchase Orders/Contracts, if any, in accordance with the provisions of the Contract Documents. If an expiration date has been established, notwithstanding such obligations, the Purchase Order/Contract shall be deemed implicitly extended by successive monthly periods, unless written notice is provided by either party at least thirty 30 days prior to such expiration date or that of any of the extensions.

3.6. The Contract Documents shall include, without limitation, any clauses that shall apply in terms of compliance with deadlines for performance and any extensions thereof. No extension of the Purchase/Contract shall affect the exercise by THE COMPANY of its contractual powers (e.g., application of fines for delays, termination for non-compliance, among others). That is to say, its extension shall not cure non-compliances, nor shall it imply acceptance thereof by THE COMPANY. In this regard, the Supplier/Contractor shall be solely and fully liable for any delays in the performance of the services and/or delivery of the goods and any consequential damages, and such extension shall not be construed as a release of the Supplier/Contractor's liability nor as a waiver of the imposition of fines or penalties or any other rights provided for in the Contract Documents.

3.7. The Contract Documents shall be the only, full and complete agreement governing the subject matter of the Purchase Orders/Contracts between the parties, superseding and rendering ineffective any other documents, bidding terms and conditions, requests for clarifications and clarifications, offers, covenants, discussions, negotiations, statements, written correspondence exchanges, verbal and/or written communications through any medium and/or any other expression or exteriorization of will or intent preceding the date of the Purchase Order/Contract not contemplated as part of the Contract Documents.

3.8. No party shall be deemed to have waived any right, power or privilege granted by the Contract Documents and/or applicable regulations, unless such waiver has been duly made in writing by the waiving party. The waiver of a specific right shall not imply a waiver of subsequent future rights, even if they are of the same nature. A failure or delay in exercising any right shall not constitute a waiver of such right.

3.9. The terms "reasonable", "acceptable", "accepted", "appropriate", "satisfactory", or terms with similar effects or meanings, unless otherwise provided herein or in the Contract Documents, shall mean reasonable, acceptable, accepted, appropriate, satisfactory, or have the meanings assigned to them by THE COMPANY. Using such terms to describe the goods and/or services shall not imply any responsibility on the part of THE COMPANY for the result of the services and/or the quality and quantity of the goods, which supervision and full responsibility shall fall exclusively and absolutely on the Supplier/Contractor.

3.10. The conduct of the Supplier/Contractor when complying with the Contract Documents shall be based on the principles of reasonableness and good faith.

3.11. When approval by THE COMPANY is required pursuant to the Contract Documents, unless otherwise provided therein, such approval or the reasons for refusing such approval shall be notified to the Supplier/Contractor in writing within five (5) business days following the date that THE COMPANY received the request for approval. If such period elapses without THE COMPANY having notified its approval or denial thereof, the Supplier/Contractor shall notify THE COMPANY in writing requesting that a decision be issued and, if THE COMPANY does not notify its approval or denial thereof within the next three (3) business days, it shall be deemed that the Supplier/Contractor's request has been denied. No

approval shall release the Supplier/Contractor from its obligations and responsibilities arising from the Contract Documents, the applicable regulations and the industry best practices; nor shall it be understood that THE COMPANY assumes any responsibility for the documentation developed by the Supplier/Contractor.

3.12. With respect to the industry best practices and references thereto contained in the Contract Documents, the following shall be interpreted: (i) in the event of doubt as to whether the provisions of the Contract Documents or the industry best practices should take precedence, the former shall prevail and (ii) in the event that the industry best practices provide for more than one method of performing a service, the method which corresponds the most with the provisions of the Contractual Documentation shall be applied.

3.13. Should the Supplier/Contractor disagree with the decision of THE COMPANY, the Supplier/Contractor shall proceed as instructed by THE COMPANY as soon as technically possible, and either party may submit the eventual disagreement to the proceedings stipulated in article 2.5 of these General Conditions.

3.14. In the event that any portion of the Contract Documents is deemed invalid, illegal and/or unenforceable, the validity of the remaining provisions of the Contract Documents shall not be affected.

3.15. The article, paragraph and Schedule headings are for order and reference purposes only and shall not be used to modify the interpretation of the provisions of such articles, paragraphs or Schedules.

3.16. Unless otherwise provided herein, every reference made to an item, section, paragraph, article and/or Schedule shall be a reference to an item, section, paragraph, article and/or Schedule contained in this main body.

3.17. All the provisions of the Contract Documents shall be interpreted as complementary to each other. In case of doubt as to whether a provision voids another provision contained in the Contract Documents, in principle, such interpretation which allows both provisions to coexist shall take precedence. Should it be impossible to apply the above-mentioned criterion, the order of precedence stipulated in paragraph 3.1 shall be applied, it being further understood that the main body of the Purchase Order/Contract prevails over its Schedules.

4 OBLIGATIONS AND RESPONSIBILITIES OF THE SUPPLIER/CONTRACTOR

4.1. The Supplier/Contractor undertakes to perform the services and/or provide the goods in accordance with the provisions of the Contract Documents, as well as to comply with all obligations of technical (skill, trade, expertise), administrative, tax, labor, pension-related and legal nature applicable to the contractual relationship.

4.11.1. Should THE COMPANY require that changes, additions and/or amendments be made to such information/documentation, the Supplier/Contractor shall be granted five (5) days to make any observations. If the Supplier/Contractor does not request a revision of the changes, additions and/or amendments proposed by THE COMPANY within such period, it shall be understood that the changes, additions and/or amendments proposed by THE COMPANY have been accepted without any objections on the part of the Supplier/Contractor, at no additional cost. The foregoing shall also apply in cases where second or continuous product releases are required due to rejections. It shall be understood that, even though the Purchase Order/Contract contemplates samples and quotations, this shall not imply any commitment on the part of THE COMPANY to approve such samples or cover the expenses resulting from their production (unless otherwise agreed), nor does it impose any obligation on THE COMPANY to enter into a formal request or negotiation with the Supplier/Contractor with respect to the goods and/or services of which samples have been provided.

11.5. During the Warranty Period, the Supplier/Contractor shall be responsible for any damages and losses caused by any defective provision of the goods or services contracted or bad quality of the materials supplied by the Supplier/Contractor. The Warranty Period shall be interrupted for as long as it takes to perform the corresponding repairs or replacement tasks, which, in turn, shall be guaranteed as from their date of completion, for the same period as that of the warranty.

11.6. If the Supplier/Contractor does not comply with its obligations under the Purchase Order/Contract, THE COMPANY shall notify the Supplier/Contractor of said non-compliance, as required by the warranty provided. Furthermore, THE COMPANY shall be entitled to deduct from the applicable guarantees any additional costs that may result from the fulfillment by a third party of the outstanding obligations of the Supplier/Contractor.

11.7. Failure by the Supplier/Contractor to comply with any of the conditions of the Contract Documents may result in (i) the return and/or non-acceptance of the goods or services, and the requirement of immediate replacement thereof, without prejudice to the claim for damages caused; and/or (ii) the termination of the Purchase Order/Contract, which may be exercised by THE COMPANY automatically by operation of law, with prior notice to the Supplier/Contractor. In this regard, the Supplier/Contractor waives the right to file any type of claim in connection with such termination. THE COMPANY shall be entitled to offset any amounts owed by the Supplier/Contractor to THE COMPANY for any reason, including, without limitation, fines, interest, expenses resulting from the non-compliance on the part of the Supplier/Contractor and/or damages against any amounts to be paid by THE COMPANY to the Supplier/Contractor arising from any commercial relationship it may have with THE COMPANY.

If applicable, any remaining conditions of insurance shall be defined in the remaining Contract Documents.

12.2. Failure to timely submit proof of the insurance policies shall lead to the suspension of the Supplier/Contractor's right to be paid for the services rendered or goods delivered, entitling THE COMPANY to withhold its authorization to issue the corresponding invoice or to withhold the corresponding payment; with the possibility of suspending the Supplier/Contractor from the COMPANY's list of approved suppliers until effective compliance with its obligations under the applicable regulations is verified. Furthermore, such a breach shall constitute cause for termination pursuant to article 21 of the General Conditions.

12.3. The Supplier/Contractor shall be solely responsible for the costs associated with the foregoing insurance policies. Any balances resulting from the subscription of insurance for amounts lower than those prescribed in the Contract Documentation, after payment of compensation upon the occurrence of an insured event, shall be the responsibility of the Supplier/Contractor, enabling THE COMPANY to deduct such balances from any future amounts it may have to pay to the Supplier/Contractor.

For that purpose, THE COMPANY shall appoint inspectors who shall have free access to the workshops and manufacturing processes, without such inspection limiting or altering the responsibility of the Supplier/Contractor.

14.3. THE COMPANY reserves the right to verify the authenticity of the documentation and information submitted by the Supplier/Contractor in its place or where THE COMPANY so directs or requests. To that end, THE COMPANY shall appoint inspectors who shall have free access to the certifying documentation, without such inspection limiting the responsibility of the Supplier/Contractor.

15.6. The relationship between the Parties arising from the Contract Document shall be subject to the application of the INCOTERMS agreed upon by the Parties in the corresponding Purchase Order/Contract.

15.7. In the case of goods rejected by THE COMPANY, the Supplier/Contractor shall deliver such goods again, in the same

quantity and quality and at its sole expense, whenever so requested by THE COMPANY. Notwithstanding the foregoing, THE COMPANY shall be entitled to impose the appropriate penalties, encumbering the guarantee provided by the Supplier/Contractor.

15.8. The Supplier/Contractor shall be exclusively responsible for the goods until the goods have been delivered to THE COMPANY at the location directed by THE COMPANY.

15.9. In the event that the Supplier/Contractor is given an advance payment for the purposes of purchasing materials to render the services, the Supplier/Contractor undertakes to allocate such funds for the purposes agreed for the performance of its obligations in due time and manner, and, as from the date of such advance payment, the Supplier/Contractor shall be a custodian of the materials acquired, being solely responsible for their custody and care, as well as for their correct utilization.

16 RECEIPT OF THE GOODS AND SERVICES

In the case of services, when the term of the contract is reached upon the exhaustion of the stipulated amount or
